

Steve Deeks 'Compact' CV DOB 12.02.64

Education : Grammar school followed by engineering studies at Technical College

Early career: 1st year of a technical apprenticeship at Jaguar Cars Ltd, 7 years in Hotel Management to generate enough income to buy, and run a single-seater race car. Left the industry in 1985 to go fulltime racing

Racing career: 17 years full time, drove for five 'Works' teams, nine years in Single-Seaters up to and including British Formula Three, Sports Cars, IMSA and British GT, five years in Junior Touring Car Formulae, Vento VR6, Vectra Sri, etc.

Current: Presents 'live' shows and events Worldwide, consults to major car manufacturers, training product and sales, launching new models, creating training media

Future: Returning to racing in 2018 after a more

than fifteen year lay-off, to campaign a historic Porsche 911. Car currently in build, testing programme underway, test-driver role with 'ProTrain' European championship winning kart team

'Stand-out' professional assignments and contracts include:
